

## **ISO14001:2004**

### **Environmental Policy Statement**

It is the policy of BMT Isis Limited to conduct our business in a manner that is compatible with the balanced environmental and economic needs of the community of which we are part. BMT Isis will comply with all applicable legal environmental requirements and to the other requirements to which we subscribe, where standardised requirements do not exist we will apply best practice.

BMT Isis will set and review Environmental Management Objectives and targets that will be published on our Business Management System.

BMT Isis is committed to the continuous improvement of environmental performance activities and prevention of pollution. We will encourage and foster an ethos of respect for the environment, emphasising our business and individual responsibilities for protecting the environment.
